

Practice Quiz - GitHub

TOTAL POINTS 3

1. Which of the following statements are true? (Select all that apply.)

1 point

- ☐ Git is an integrated development environment for data science.
- ☒ Git is a system for version control of source code.
- ☒ Git is very useful for data science as well, since data science often involves a lot of source code to be written and managed.

2. Which of the following statements about repositories are correct? (Select all that apply.)

1 point

- ☐ The remote repository is only accessible by myself.
- ☒ The local repository is only accessible by myself.
- ☒ The staging is only accessible by myself.
- ☒ The remote repository is accessible by all contributors.
- ☐ The local repository is accessible by all contributors.

3. What is the best process for contributing a bugfix to a foreign repository?

1 point

- ☐ Ask the repository owner for write access to the repository.
- ☒ Fork the repository, update the fork and create a pull request.
- ☐ Send the fix via email to the author.

☒ I, **Piyush Sambhi**, understand that submitting work that isn't my own may result in permanent failure of this course or deactivation of my Coursera account.
